GUIDE 15

STAYING INFORMED, MEDIA, AND INFORMATION SOURCES

Manicouagan is one of those spaces that stands naturally apart from the rest. Those unspoiled lands where opportunities abound. Those Côte-Nord regions where the warmth of the people, as much as the beauty of the landscape, takes your breath away.

Here, the feeling of immensity is intertwined with a true culture of proximity. In Manicouagan, dynamism and enthusiasm go hand in hand with the philosophy of living in the present and making the most of every moment.

Choosing to live in Manicouagan means contributing to the bright future of the territory, all while making your own dreams come true.

As a newcomer, this guide is for you. It was created to help you settle and integrate into Manicouagan. In it, you will find a wealth of practical information on the resources and services available.

SOCIAL MEDIA

In Québec, **Facebook, YouTube, and Instagram** are the most popular social platforms. Signing up for a Facebook account could be useful as it allows you to communicate with many people and organizations. However, it is in no way required.

Without Facebook, you can get in touch with people through email. If you are reluctant to create a Facebook account, consult the platform's security settings beforehand. It might inform your decision.

BEWARE OF FAKE NEWS

Social media does have its drawbacks, including the publication of fake news. **What is fake news?** It is news that is false, exaggerated, or distorted to the extent that it is no longer true. The problem is that it is presented as real news to deceive people. Fake news can be used to generate clicks and shares on social networks, to achieve any number of objectives (political, ideological, economic, etc.), or simply to mock the credulity of readers.*
